Reference letter

Dear Mr. Daniele Cecchelli

We are glad to send you this reference letter concerning the business process n° 886-01-0243/01, between PETROBRAS REFAP and REMOSA SpA, where we have purchased the TWO PORT DIVERTER VALVE XCV30305. This equipment is working succesfully, under severe conditions since december 2002, without any problems.

As important as the equipment quality, we would like to thank you about our technical relationship and your interest in our necessities.

Best Regards,

  
Edemir Bressan  
Senior Equipment Inspection Engineer  
Reliability Manager
