Re : Delegation of Authority

Daniele,

Congratulations on being awarded the contract to design and supply our slide valves. I look forward to the opportunity to work with your company and produce high quality valves, which are an integral component to the future availability of our FCC unit.

With reference to contract KWN6561 for the supply of Slide Valves and associated spares, please be advised that I authorise Adrian Orlando of WorleyParsons to act on my behalf in discussions with Remosa as required to deliver this contract scope. He is authorised to discuss all technical and operational aspects of the contract, including assessing any potential variations should they occur. As such, Adrian has been nominated as the Technical point of contact for this contract.

Any variation to contract scope, delivery timing or variation of cost will however, require my approval.

Please don't hesitate to contact me should further information be required.

Regards,

19/5/2011

Doug Sweetman
